Experiment 4: Mobile Network Protocol Stack Diagram

Aim: To create a visual representation of the key elements of mobile network protocol stacks using Figma.

Procedure:

1. Open Figma and create a new design frame.
2. Add a title, “Mobile Network Protocol Stacks”.
3. Draw separate sections for the Mobile Device, Radio Access Network (RAN), and Core Network.
4. Add protocol labels such as TCP/IP, RRC, PDCP, RLC, MAC, PHY, and NAS.
5. Connect the sections using arrows to represent communication between network layers.
6. Apply suitable colors and arrange the protocol layers clearly.

Output:

Result: A visual diagram of mobile network protocol stacks and their key components was created successfully.
